

## 4/18/2017 CRR Market Auction Efficiency Working Group

### **1. Introduction (10:00-10:10)**

- a. ISO welcome and introduction to working group objectives – Perry Servedio

### **2. Background (10:10-12:00)**

#### ***a. Department of Market Monitoring Analysis***

*What are your thoughts as it relates to the Department of Market Monitoring's November 28, 2016 whitepaper on the "Shortcomings in the congestion revenue right auction design"? Your thoughts on the potential causes identified in the analysis?*

- i. DMM presents results of analysis – Roger Avalos
- ii. Open for presentations/discussion
  1. Abram Klein – Appian Way Energy Partners
  2. Ellen Wolfe – Resero Consulting for WPTF
  3. Kolby Kettler – Vitol, Inc.

#### ***b. Scott Harvey Valuation Analysis Concepts***

*What are your thoughts as it relates to the discussion at the Market Surveillance Committee meeting on February 3, 2017? Any additional ideas to put on the table? Any ideas that should have a lower priority?*

- i. ISO gives a high-level overview of valuation concepts – Perry Servedio
- ii. Open for presentations/discussion
  1. Ellen Wolfe – Resero Consulting for WPTF
  2. Kolby Kettler – Vitol, Inc.

### **3. Scoping/Methodology (1:00-4:00)**

*Let's organize our thoughts from the morning into analysis topics and sub-topics. What specific questions should we ask under each topic/sub-topic and why? Can we prioritize these questions?*

- a. ISO whiteboard: Discuss potential topic categories
- b. Open for presentations/discussion:
  - i. Ellen Wolfe – Resero Consulting for WPTF
  - ii. Abram Klein – Appian Way Energy Partners
  - iii. Cristy Sanada – Pacific Gas & Electric
  - iv. Seth Cochran – DC Energy
  - v. Kolby Kettler – Vitol, Inc.
