# Energy Imbalance Market Offer Rules Technical Workshop

California ISO

April 30, 2018

## Today's objective

To allow stakeholders the opportunity to discuss offer rules and the resource sufficiency evaluation for the Energy Imbalance Market (EIM). Stakeholders are asked to present their perspectives on the items in scope for this meeting.

Comments on the workshop discussion and materials are due May 14.

# Agenda

## Morning

- Stakeholders present on the Hourly Resource Sufficiency Test

## Afternoon

- Stakeholders present on an additional Default Energy Bid option
