**Re:** Notice of Planned Decisional Classification for “EIM Resource Sufficiency Evaluation Enhancements – Phase 1”

---

***Any objection by the Chairs to this decisional classification is due by January 27, 2022.***

This is formal notice of ISO Management’s decisional classification for the “EIM Resource Sufficiency Evaluation Enhancements – Phase 1” initiative. Any objection by the Chairs to the decisional classification is due by January 27, 2022. Otherwise, this initiative will be presented for decision consistent with the classification described below.<sup>1</sup>

This initiative falls within the joint authority of the Board of Governors and the EIM Governing Body. All of the tariff rule changes proposed regarding the resource sufficiency evaluation would be “applicable to EIM Entity balancing authority areas, EIM Entities, or other market participants within EIM Entity balancing authority areas, in their capacity as participants in EIM.” None of the proposed tariff rules would be applicable “only to the CAISO balancing authority area or to the CAISO-controlled grid.”

Stakeholder comments on the draft final proposal were due on January 10, 2022. There were no objections to the decisional classification in the draft final proposal.

The draft final proposal for this initiative is located [here](#). Additional material for this initiative can be located [here](#).
