**Re:** Notice of Planned Decisional Classification for “Western Energy Imbalance Market assistance energy transfers extension”

---

***Any objection by the Chairs to this decisional classification is due by July 11, 2025.***

This is formal notice of Management’s decisional classification for “western energy imbalance market assistance energy transfers extension.” This limited initiative concerns a potential extension of the Western Energy Imbalance Market product for assistance energy transfers past its sunset date of December 31, 2025. Management believes that the decision falls within the primary authority of the Western Energy Markets Governing Body. Any objection by the Chairs to this decisional classification is due by Friday, July 11, 2025. Otherwise, the initiative will be presented for decision consistent with this classification.<sup>1</sup>

The tariff rule changes proposed in this initiative are “applicable to WEIM/EDAM Entity balancing authority areas, WEIM/EDAM entities, or other market participants within WEIM/EDAM entity balancing authority areas, in their capacity as participants in the WEIM/EDAM.” Therefore, the decision to approve these changes falls within the scope of the WEM Governing Body’s primary authority.
