Re: Notice of Initial Decisional Classification (**Advisory**)
for “Energy Storage and Distributed Energy Resources Phase 2”

Any objections to this decisional classification are due by July 5, 2017.

This is formal notice of ISO Management’s initial decisional classification for “energy storage and distributed energy resources phase 2.” Any objection to the initial decisional classification is due to Management by July 5, 2017. Otherwise, this initiative will be presented for decision consistent with the classification described below.¹

Management has concluded that this initiative falls within the EIM Governing Body’s advisory role (E2), which means that the initiative will be presented to the Board for approval. The EIM Governing Body will also receive a briefing on the proposal and may provide advisory input to the Board. This classification is consistent with the classification presented in the Briefing on Policy Outlook at the April 19, 2017 EIM Governing Body meeting.

The draft final proposal for this initiative is located at:
